

In the silence of the night,
all the stars bow down
Hear the angels sing, hallelujah

Jesus Christ
is born today...

Hope has come to us tonight,
death is drown out by
His light.
Hope is here and He's alive
takes our pain and lifts our eyes...

~Hope Has Come lyrics by Generation Unleashed

Come all ye faithful,
See the love see the grace
That is born unto us tonight...

Come all ye broken,
See the love see the hope
that restores everything
that's been lost...
